

## LOS CERRILLOS RUSTLER

Published Weekly at Cerrillos, N. M., by  
A. M. ANDERSON, Editor.

Friday, Nov. 30, 1888.

The Gallup Register has suspended, so we are informed, and Mr. Swan has taken a position again as city editor of the Albuquerque Citizen.—Las Vegas Courier.

Mr. J. T. Johnson, a well-known resident of Watrous, is dead. He was an extensive cattle-owner and one of the oldest and most highly esteemed citizens of that section.—Las Vegas Courier.

The Las Vegas Optic says the Rock Island has raised \$10,000,000 to complete its line from Liberal, Kansas, to White Oaks and El Paso, and Las Vegas has hopes of securing a northern spur of this new line.

A bet made at Silver City on the general result of the late election, was conditioned that the loser should be tied to a post and eat a pound of Mesilla valley alfalfa. Human ingenuity for suggesting the ridiculous, could scarcely go any further.

A citizen at a political meeting in Trinidad, hearing so much said about the "surplus" and the "mills bill," threw the orator clear off of his base by inquiring: "Why in thunder they didn't take the surplus and pay off the mills bill, and be done with it?"

A letter to the Albuquerque Democrat from A. M. Anderson, of the Cerrillos Rustler, calls attention to the fact that the newspapers of New Mexico should be recognized by the incoming legislature to the extent of having all laws of the session published in each newspaper of the Territory, in order that the people may know what the men do who have been chosen to make laws for them. Minnesota does this, and as a result her citizens are more thoroughly informed upon state laws than are those of any other state in the Union. Mr. Anderson's idea is a good one, and should be carried out. Instead of hiring an army of supernumeraries at the public expense let the legislature publish the laws in the newspapers.—Santa Fe Herald.

The following from the St. Louis Globe-Democrat, comes with very poor grace from a newspaper which is so liberally patronized as it, by the people of New Mexico. It will be read with displeasure by the republicans who have carried the territory almost solid except for delegate to congress.

"It gives us great pleasure to be able to announce that all of the eight Territories except two—New Mexico and Utah—are Republican. Arizona is strongly Republican in its Legislature, while Dakota, Idaho, Montana, Wyoming and Washington have chosen Republican Delegates to Congress. A large part of the population of New Mexico are Indians, Mexicans and half-breeds. New Mexico is too ignorant and Utah is too degraded to abandon the Democratic party, and they will be kept in their Territorial stage until they acquire the rudiments of the intelligence and virtue required in citizens of a nation in which the people are the rulers. The other Territories will come in as seven States—for Dakota will be formed into two States. Three or four will probably be in before 1892, and all will be in before 1896, and every one of them will give its electoral votes to the Republican Presidential candidates. Messrs. Democrats, this is a great and glorious country, and the Republicans are going to run it and keep it so."

**Coffee Cake**—One cup molasses, one cup butter, one cup cold coffee, one cup sugar, one cup raisins, one cup currants, one egg, one teaspoon soda, flour enough to keep from sinking, flavor with cinnamon, cloves, lemon extract.

**Graham Pudding**—One and one half coffee cups graham flour, one half coffee cup molasses, one-fourth coffee cup butter, one-half cup sweet milk, one egg, one teaspoon soda, one good half cup raisins, one good half cup currants, salt and spice to taste, steam two and one half or three hours.

**Creams and Puffs**—To one cup boiling water and one-half cup butter add one good cup flour and stir till smooth; when cool add three eggs beaten in one at a time. Bake in gem pans. For the filling boil one pint milk, thicken with two tablespoons of flour and the yolk of one egg moisten in a little cold milk. Remove and add a little butter, salt and one-half cup sugar, flavor with lemon and when cold run a knife in the side of the puffs and fill. Dust the top with sugar. This is also used for layer cake.

**Rice Custard**—To one-half cup rice add one quart milk, and a little salt; steam one hour, or until soft. Beat together the yolks of four eggs and four tablespoons of sugar, add this just before taking off the fire, stir in thoroughly, but do not let it boil, flavor with vanilla. Beat the whites to stiff froth, sweeten and spread over the top. Brown lightly and set away to cool, as it is better cool than hot.

**Apple Short Cake**—Sift together two cups flour, salt and one-half teaspoon soda; to this add one half cup of sour milk and enough sour cream to make into dough. Peel and slice your apples as for pie. Grease two earthen plates and fill with apples, then roll the dough and cover. When baked turn out and serve with cream and sugar.

The governor has offered a reward of \$500 for the apprehension of the assassin of De-mas Provencher, of San Rafael, Valencia county. The murder was cowardly and cold blooded, and every effort should be made to bring the assassin to justice.

Every man who has interests in mining property or land in the vicinity of Cerrillos, should be a subscriber to the RUSTLER.

The Diamond Palace, Sharick's mammoth jewelry house at Albuquerque, is well worth visiting when you go to that city. The array of diamonds, jewelry, silverware, watches and clocks, presents a dazzling sight to the beholder. For magnificent selections and for genuine bargains, purchasers should not fail to give Sharick's Diamond Palace a call.

The RUSTLER wants 100 new subscribers by Christmas day, and each subscriber who pays three dollars for a year's subscription before Christmas day, will be entitled to the paper for the year 1889, and will also get a chance in a lady's gentleman's gold watch, which will be drawn by some one of these subscribers, on Christmas day. The watch will be purchased from and on the guarantee of some jeweler at Santa Fe or Albuquerque. The paper takes this means of increasing its circulation and of raising the money—\$200.00—with which to make the last payment on its office, thus placing it substantially upon its feet. There should be enough people in the local territory of the paper to make up this number, who are not now subscribers, and we hope they will come to the front at once. The numbers are now ready and each subscriber will get his ticket. Those who send us subscriptions by mail will be forwarded a receipt and ticket by return mail. The drawing will be placed in the hands of a committee and is guaranteed to be fair. The name of the lucky drawer will be published in the New Year's number.
